

KAVALA CHESS CLUB vs FRITZ 10 ©ChessBase

© 5.12.2006 Jovan Petronic. International Master. FIDE Senior Trainer

The Chess Club of Kavala is one of the strongest and most popular Chess Clubs in Greece. The Club is multiple Team and Cup Champions of Greece and its players WGM Anna Maria Botsari and GM Vasilios Kotronias have just won the respective Championships of Greece! Hundreds of young and talented children visit the Club each day. The Club maintains a website, in Greek language, at <http://www.chesskavala.gr> and a free photo gallery at <http://www.chesskavala.gr/gallery>.

These days, selected juniors, age 10-17, have had a unique chance to challenge one of the World's strongest players – Fritz 10!

Playing conditions were the same for all. Time control: 10 minutes each, no bonus per move. Playing mode: rated game. The games had to be played until the end, resignations were not allowed. No adjustments to Fritz 10 were made, after the fresh install. Rated games ensured no hints, coaches, nor an accompanying analysis window.

I don't think there is any need to mention that all the juniors were "horrified", prior to the start of the games.

With this additional psychological advantage, Fritz 10 proved to be strong and won all eighteen training games with ease. What is especially interesting, is that Fritz 10 displayed remarkable and stunning moves in the opening, tactics, prophylactics, winning techniques and much more. I have annotated all the 18 games with diagrams, where Fritz 10 made a personal impression on me, and a diagram for the end of each game.

A brief introduction of the juniors: Maria Kelidou – reigning GU10 champion of Greece, former GU08 national champion. Antonios Pavlidis – reigning BU14 Champion of Greece, former BU12 national champion. BU12 Vice-Champion of the World Schools 2006. Savvas Manelidis – junior player of the Kavala Chess Club, 2005 Greece Team Champions. One of the top boys on his age category. Maria Manelidou – junior player of Kavala Chess Club, multiple School Junior Greece Champion. GU14 Vice-Champion of the World Schools 2006. Nikoleta Kipraki – reigning School GU10 Champion of Greece. Theopistos Arsoniadis – a new emerging talent. Haris Tsakiris – a rising junior star in Kavala. Maria Lima – junior player of the 2nd team of Kavala (OFSK), playing in the 1st National Division (14-year old Maria said after the games "Fritz 10 is very nice to look at, not so nice to play against!!")

An interesting note - while typing in the diagrams, I noticed that Fritz 10 signs himself automatically in the surname box, with no name? Fritz 10 also was assigning itself elo after each game played, which you can see from the game headers.

As I expected and commented in my previously made review at <http://www.jovanpetronic.com/chessreviews.htm>, Fritz 10 makes a perfect and instructive chess companion, one that we can have both fun with and learn from.

It not common for such matches to be publicly displayed (you will see why from the games), yet I thought it may be interesting to publish games the machine plays, not only against superhuman chess players. We all can learn from these, too.

A few snapshots from today's matches:

Maria Kelidou in full concentration

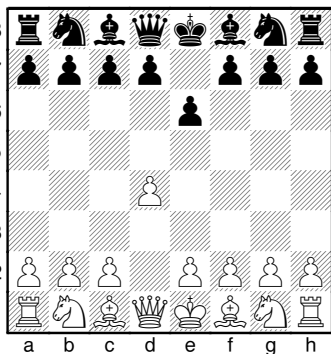

Arsoniadis Theopistos "celebrating" the near end of the game and "torture".

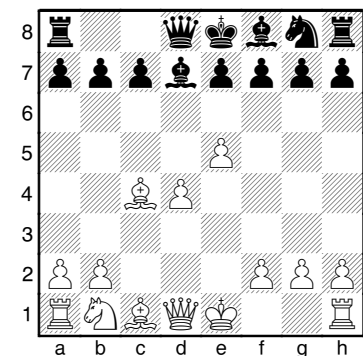

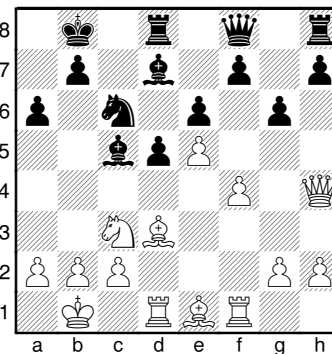

Nikoleta Kipraki will be celebrating her birthday and name-day tomorrow! Even Fritz 10 could not spoil her good mood.
